The Story of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts, teachers and writers on *Materia Medica* who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed *free* to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompained with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It *will* cure the affections that lead up to consumption, if *taken in time*.

CHARGED WITH MURDER.

Coroner Fetherolf, at Nazareth, near Easton, Pa., yesterday began an inquest into the death of Irene May Smith, the five-year-old daughter of Mr. and Mrs. Henry Smith, of Alliance, who was offered as a sacrifice by her parents and uncle, members of the fanatic religious sect whose actions have startled the community. The Smiths and Bachman, who is an uncle of the child, and who killed her during his frenzy, are in the county jail. Bachman insists that the child was possessed of the devil and that he killed her by command from heaven. He maintains that he did no wrong and that God will protect him. He cried out in his cell that he is to be crucified and pleads with the jailer to hurry the execution, that he may appear before the throne of God, who sent him to earth to perform a great mission for the salvation of mankind.

Smith, father of the little girl who was murdered, is in a pitable condition both mentally and physically. Yesterday he was seized with several fits and rolled from his cot to the floor, where he tossed about shouting and praying. He appears to know nothing of the killing of his little daughter and when the subject is broached to him he insists that nothing wrong has happened and that his brother-in-law was directed by the Holy Spirit.

In jail yesterday Bachman gave vent to another form of the new belief. He declares the sin committed by Adam and Eve in the Garden of Eden has never been properly atoned for and part of his mission is to wipe out that offense.

The coroner's jury late yesterday rendered a verdict charging Robert Bachman with the murder of Irene May Smith. The surgeons who made the post-mortem examination found that death was due to strangulation.

CHILD'S HORRIBLE DEATH.

Rosa Hornstein, four years old, the daughter of Mr. and Mrs. Abraham Hornstein, of Baltimore, fell through the flooring of an outhouse in the rear of a neighbor's house yesterday afternoon and died by suffocation before the accident was discovered. The child had been missing about an hour before she was discovered. Her brother Julius, five years old, found her, but the only thing visible was her hair. He ran to his parents and told them of his discovery, and the frantic mother rushed to the place and pulled out the child. A doctor was summoned and efforts were made to revive the child, but life was already extinct. The well into which the young one fell was very deep and in a horrible condition. The flooring was almost entirely gone, with only a few boards on the sides, leaving the middle entirely open. The place is in the rear of a building used as a tenement-house.

JAPANESE MAY MARRY WHITE

The legality of the inter-marriage of Japanese and white persons was sustained yesterday by Judge Harlan, at Baltimore. The question arose when Arthur W. Tada, a Japanese, applied in the clerk's office of the Court of Common Pleas for a license to marry Miss Mary Whiley, a white girl. Mr. Adam Deupert, Clerk of the Court, declined to issue the license until the question had been referred to Judge Harlan, who decided that the law forbids only the inter-marriage of white persons and those of African descent. In the application Mr. Tada gave his age as 25 years and that of Miss Whiley as 19 years. He said both lived in Norfolk, Va., and they went to Baltimore to be married.

POSTAL PROGRESS LEAGUE.

The Postal Progress League will meet at the New Williard, Washington, Tuesday evening, May 5th, at eight o'clock to consider the possibility of the immediate enactment into law of the following propositions: A local rural parcels post, 1 pound, 5 cents; 2 cents, each additional pound; 11 pounds 25 cents. A system of postal savings banks. The consolidation of the third and fourth class mail matter at the old general merchandise rate of 1874, 1 cent per each 2 ounces, one half the general merchandise rate of today. Postmaster General Meyer and other friends of postal progress will address the meeting.

STATE BUILDINGS TO GO.

The first of the State buildings to be torn down and removed from the Jamestown Exposition grounds will be that erected by New Jersey. A bill has passed the Legislature of that State calling for the removal of the building to Trenton, N. J., where it will be again erected and used as a state home for girls. The building cost $23,000 and is one of the handsomest on the grounds. It is said this action was taken by the New Jersey Legislature because the price asked for the lots on which the building stands is prohibitive. The building will be taken down immediately.

"E. C. DeWitt & Co., Chicago, Ill.—Gentlemen—In 1897 I had a disease of the stomach and bowels. In the spring of 1902 I bought a bottle of Kodol and the benefit I received all the gold in Georgia could not buy. May you live long and prosper. Yours very truly, C. N. Cornell, Roding, Ga., Aug. 27, 1906." Sold by W. F. Creighton & Co.

THE FLEET.

After a stay of five days at Santa Barbara, Cal., the Atlantic fleet of battleships sailed today for Monterey, the next scheduled stopping place on the long itinerary. A dance of the flowers Tuesday night in honor of the officers of the fleet, and in which 40 of the young women of Santa Barbara's social circle took part, was the closing feature of the entertainment there. The dance was given on the Plaza Del Mar, where a large tent had been erected.

The visit to Santa Barbara has been replete with social functions in honor of the officers, and the spectacular floral parade on Monday last eclipsed anything seen on the entire cruise from Hampton Roads. But the stay of the enlisted men there has not been an entirely happy one. No special entertainment was arranged for them, and they were allowed to go their own way without official attention of any sort.

To Attend Marriage.

Stockholm, Sweden, April 30.—King Gustav sailed has for Revale, Russia, whence he will travel by train to St. Petersburg to attend the marriage May 3 of Prince Wilhelm of Sweden to the Grand Duchess Marie Parlovna, Grand Duke Paul Alexandrovitch's daughter. His majesty is escorted by a Swedish squadron. Messages from St. Petersburg say a Russian torpedo flotilla has sailed to meet him at sea and accompany him to Revale. The original plan was for him to land at Cronstadt but the Gulf of Finland is not yet clear enough of ice to permit the voyage there. Prince Wilhelm sailed last evening on the steamship Wellamo. The marriage will take place in the Czar's palace at Tsarso-Selo.

Cured of Rheumatism.

Mr. Wm. Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain balm. You are certain to be pleased with the relief which it affords. For sale by W. F. Creighton and Richard Gibson.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER

THURSDAY EVENING, APR. 30, 1908

IN THE House of Representatives yesterday, as stated in the Gazette of that day, Mr. John Sharp Williams made a humorous and sarcastic speech in presenting a petition for the passage of the free pulp bill, signed by every democratic member, in which he pleaded with the republicans to contribute thirty names and thus make a majority of the House. "About that many of you have introduced bills to put wood pulp and print paper upon the free list," said Mr. Williams and he gave them an opportunity to "make good," but not one of them had the temerity to face the party lash and vote his honest sentiments. Mr. Williams has the republicans in a tight place on this matter and will keep them there. Very many republican members of the House hold their seats by slender majorities, and they recognize that the fact that they were elected at all is due principally to the work done for them by the newspapers in their districts, and they are realizing, too, that they must depend on those same newspapers in the next campaign if they wish to return to Congress. The list of the arbitrary and unprecedented increase of price which the newspapers of this country have been compelled to pay for their white paper has astounded members of Congress.

PUBLIC protest against the high prices prevailing for fresh meat, particularly beef and mutton, is taking a form in Chicago little to the liking of the wholesale and retail dealers. Not in many years has the public generally objected so vigorously to the extravagant values they are called on to pay for meats. The result has been a curtailment of the consumption on a scale not deemed possible a few months ago. Meat salesmen all over Chicago, as well as in other large cities, assert that their trade has fallen off 50 per cent. in the last month. The same complaint of poor demand is heard from shippers of live cattle and dressed beef in New York and other eastern points. The consuming public has taken the only course that will bring about lower prices, the substitution of other foods for the higher-priced meats. A very effectual way of bringing the beef trust to terms may be put in operation by housekeepers if they will continue for a few weeks to come to systematically curtail their meat purchases. This plan involves a slight sacrifice on the part of the beef eaters, but it hits the trust in a vital place. The managers of the trust understand an argument addressed to their pockets.

NANSEMOND county democrats last Saturday took a stab at the Virginia primary system. In mass meeting they went on record as opposed to the system which, its speakers said, was a breeder of rancor and discord, a promoter of pernicious effects, and whose operations are endangering democratic supremacy in the State. Finally, the following resolution instructing the delegation against the primary was carried without a negative vote:

Resolved, That the democrats of Nansemond county favor the abolishment of the primary, and hereby instruct its delegates to the Roanoke convention to vote for its repeal.

The primary is the best plan that can hold for the ins and for those who have money and want office. It will be remembered, however, that at the last senatorial and gubernatorial primary some of the candidates were almost bankrupted and a congressional canvass costs almost as much as the salary attached to the office.

IT is evident that the minds of most congressmen are more fixed on their districts than on the welfare of the whole country, so it is just as well that Congress should adjourn early for all the good it will do. The republican majority have difficulty even in agreeing on appropriation bills, let alone such matters as emergency currency, but all republicans are agreed to dodge revising the tariff.

GENERAL WOODFORD, of New York, who is doubtless acquainted with the facts, says: "Everybody knows that the plain people of New York are for Hughes. Everybody knows that Wall street wants Taft, fearing that if they don't get Taft they may have the president for another term." It's apparently impossible for the republican leaders to divorce themselves from the Wall street interests.

THE federal office holders will cut a big swath in the republican national convention, and those from the southern and western States seem to be able to dominate the situation. This attempt to perpetuate power by using the government patronage is a danger to free institutions, and independent republican voters are becoming indignant.

THOSE who wish to vote in the presidential election next November must pay their taxes by Saturday next—May 2.

WIDESPREAD indignation, not only among the whites, but among the better class of negroes in the south, has been aroused over the "equality banquet" of the Cosmopolitan Club of Greater New York last week, at which white girls sat with negroes and intermarriage was openly preached. The northern papers are very chary on the subject, simply publishing facts—but these are bad enough in all conscience sake.

From Washington.

Correspondence of the Alexandria Gazette.]

Washington, D. C., April 30.

The State Department has asked the aid of the Spanish government in finding one of its citizens, who claims to be a grandee and relative of Assistant Secretary of the Navy Newberry, under the name Don Rodriguez Newberry. When the so-called grandee is found, the Spanish government will further be asked to jail him for trying to obtain money under false pretenses. That is the way Secretary Newberry chose to interpret the elaborate letter he received two days ago. Don Rodriguez wrote that he was languishing in a Spanish prison, but that he had left a trunk full of money in a London hotel, and a beautiful daughter somewhere else, and if the secretary for the sake of the common ancestral blood in their veins, would look after the senorita, he could have a slice of the money. But Secretary Newberry was not pleased at the thought of having a relative a Spanish grandee, who at the same time, happened to be in jail, and he did not care about the senorita, so he turned the letter over to the State Department. It is one of the old and favorite forms of over-the-sea swindles.

The news of the accident to the cruiser Matsushima, of the Japanese navy, with the probable loss of 200 or more lives, was received as a shock by acting Secretary of the Navy Newberry, and other officials of the Navy Department, as well as by officials of the State Department. Acting Secretary of the Navy Newberry today sent the following cablegram to Commander John A. Daugherty, American naval attache at Tokio: "Express to Minister Marine deep sorrow and sympathy of department and American navy at terrible accident on board Matsushima, in which many gallant Japanese officers and men are reported to have lost their lives."

The House was surprised today, when it was discovered that Sereno E Payne, chairman of the House committee on ways and means, and the republican floor leader, had introduced an anti-injunction bill. This is one of the measures recommended in the president's last message at Congress and advocated by the democrats. Minority Leader Williams, when told of it, was astonished. Mr. Payne's action is taken to mean that the House leaders have decided to put through practically all the legislation recommended by the president, except the civic federation bills, amending the Sherman anti-trust act.

Afraid that the recent developments showing the sentiment of the House and its committee on banking and currency regarding financial legislation may keep Congress in session until after June 1, the House leaders were redoubling their efforts today to round up the republicans for the revised form of the Vreeland emergency currency bill. In the meeting of the committee on banking and currency today, which was behind closed doors, members of the committee expressed their displeasure and resentment that Mr. Vreeland, who is not a member of the committee, should try to dictate by his bills what course the committee should follow. After staying in session long enough to express these sentiments the committee adjourned until next Monday morning without taking any action at all on the new Vreeland bill.

Taft will be nominated if the people of the West can bring it about; if they can't they will turn to Roosevelt. This is the way that Representive Hull of Iowa sizes up the political situation after a trip through the middle west. Hull called at the White House to give the president his impressions.

President Roosevelt sent for several members of Congress today to urge them to aid him in securing an appropriation which will make effective section 20 of the Hepburn rate law. This section of the statute relates to the investigation of the account of railroads by the Interstate Commerce Commission.

President Roosevelt today informed Rep. Knowland that a federal proclamation would be issued making May 6th, when the fleet arrives at San Francisco, a public holiday in San Francisco and Oakland.

Secretary of War Taft will leave Washington this afternoon for Charleston on his Panama trip, accompanied by Richard Reed Rodgers, general counsel of the Isthmian Canal Commission and assistant private secretary Mitcheler.

Three lawyers of the House were authorized today to make a final examination of the new eight-hour bill pending before the House committee on labor to determine the constitutionality of the measure.

DEATH OF MR. HUIDEKOPER.

Frederick W. Huidekoper, capitalist and railroad magnate, died at his residence in Washington yesterday morning, after an illness of seven weeks, following a stroke of paralysis. Mr. Huidekoper was born at Pomona Hall, Meadeville, Pa., September 12, 1840. In November, 1883, Mr. Huidekoper came to Washington which had been his residence ever since. In 1884 he was offered the presidency of the Canadian Pacific Railway which he declined in order to accept a position as first vice president of the Richmond and Danville system. Mr. Huidekoper also became first vice president of the Richmond and West Point Terminal Railway and Warehouse Company and of the Virginia Midland Railway, and in 1886 was made the president of the Virginia Midland Railway, which position he held for a year.

Maryland Republicans.

Baltimore, Md., April 30.—Maryland republicans met here at noon today at Ford's Opera House in State convention, the chief business being the selection of the four delegates at large to the national convention at Chicago in June. The resolutions heartily endorse the Roosevelt administration and speak in flattering and laudatory terms of Secretary of War Taft, but they do not pledge or instruct the delegates to the national convention for him, but in effect they are in every way favorable to Taft's candidacy.

News of the Day.

Vermont republicans elected an unpledged delegation to Chicago.

The Arkansas republican convention yesterday instructed for Taft and declared for state prohibition.

American sailors yesterday wrecked a Santa Barbara restaurant because two of their number believed they had been overcharged.

The last will of Washington Nailor, of Washington, leaving an estate of $70,000 to his widow, was found in an old safe in his stable.

Hailed as the greatest American pianoist yet seen abroad, John Powell, of Richmond, made his London debut at Steinway Hall this afternoon.

Prince Takeda, head of one of the oldest families in Japan, wedded the Mikado's sixth and youngest daughter, Princess Tsune, at Tokio today.

The bank at Stephen, Minn., a little town in the northern part of the State, was dynamited by six men early yesterday. The thieves got away with $8,000.

It is said by friends of W. J. Bryan that Admiral Winfield Scott Schley will be offered the Secretaryship of the navy in case the Nebraskan is elected president.

David Orr, who helped John Errickson build the Monitor, and who for forty years worked out a weary experience as a steam fitter in a little shop in Hudson street New York committed suicide today by shooting himself.

Mount Etna is emitting huge columns of black smoke, accompanied by rumbling. Ashes have fallen in considerable quantity, damaging the crops in the surrounding country. There were slight earthquakes throughout yesterday, especially at Lingua Glossa and Santa Veronica. Mount Etna is completely covered with snow.

A sudden attack by the bears on the floor of the New York stock exchange this afternoon drove Westinghouse stock down nine points, from 55 to 46 before there was any support for the stock. The sudden weakness was attributed to the constructing of the condition circular issued by George Westinghouse that unless better response is made to the plan of proposed reorganization it can not be made operative.

An outbreak occurred in the streets of Santa Barbara, Cal., Tuesday night, in which several hundred sailors threw stones and clubs and partially wrecked a small restaurant. It was a culmination of numerous small difficulties which have occurred during the week the fleet has been there between sailors and local tradesmen. The bad feeling has been due principally to a system of overcharge in payments of meals and other purchases with which the sailors have been confronted.

There will be no civil or criminal action against Representative J. Thomas Heflin, of Alabama, by Thomas McCreary, a horse trainer, who was shot accidentally during a difficulty, in which the congressman became involved with a negro, Louis Lundy, on a street car in Washington on the evening of March 27. A compromise has been effected between Mr. Heflin and Mr. McCreary, which eliminates all possibility of a suit. It is understood that Mr. Heflin will pay Mr. McCreary $2,500 and all the expenses attending his treatment.

A dispatch from Washington says the conferees on the military bill have agreed on an increase of pay for army officers, averaging $500 a year.

MUST MARRY OUT OF CHURCH.

Mme. Anna Gould and Prince Helie de Sagan spent the entire day at Naples, together, sightseeing, first visiting the buried city of Pompeii and later going through the museum. Count Boni's divorced wife appears ecstatically happy, while the prince's demeanor is that of an ardent and courtly lover.

The prince is making preparations for their marriage by civil ceremony on their return to France, but he is so averse to dispensing with the church ritual that he has forwarded to Cardinal Merry Del Val, Papal Secretary of State, a long communication in which he gives reasons why, in his opinion, he should be granted a dispensation to marry, a divorced woman. But such dispensation is granted only on specific canonical grounds, none of which is presented in his case and accordingly his petition is foredoomed to failure.

Today Prince Helie and Mme. Gould will go to Rome, where they have engaged apartments at the Grand Hotel. As one of Mme. Gould's automobiles has been sent to Nice, it is inferred that she intends to spend some days on the Riviera.

DEATH OF REV. DR. DIX.

Dr. Dix had been ailing for some weeks, and was so ill when he delivered his Easter sermon that he barely survived the ordeal.

Mrs. Dix, his son John A. Dix his daughters Margaret Dix and Mrs. William H. Wheelock were at his bedside when he died.

Rev. Morgan Dix was born in New York city November 1, 1827. He was the son of ex-Governor John A. Dix. He was the author of an essay on Christian art, of commentaries on several of the Pauline epistles, of a volume of lectures on Pantheism, a work on marriage, etc.

VACCINATION AND DANDRUFF.

There is a Sure Prevention of Baldness as There is of Smallpox.

It is now accepted that vaccination renders the vaccinated person exempt from smallpox; or at worst, he never has anything but the lightest kind of a case. Now as sure a preventive and cure for dandruff, which causes falling hair and baldness, has been discovered—Newbro's Herpicide. It kills the dandruff germ. C. H. Reed, Victor, Idaho, says: "Myself and wife have been troubled with dandruff and falling hair for several years. We tried remedies without effect until we used Newbro's Herpicide, two bottles of which cured us." Hundreds of similar testimonials.

A motion for a new trial was overruled and Angle's attorneys announced their intention to take the case to the Court of Appeals. The defendant furnished bond in the sum of $20,000 pending an appeal.

THE REASON THEREFOR?

We notice by the public press that Mr. Gordon carried with him to Herndon, Fairfax county, on April 22d, a number of speakers to give aid and encouragement to his cause, viz: Lewis Machen, John S. Barbour, Crandal Mackey and A. A. Lipscomb. We were of the impression that Mr. Gordon felt confident of his ability to take care of himself but it now begins to look as if he is crying out for help. We understand that these gentlemen took up Mr. Gordon's text of pure elections and good government, placed themselves on this platform and very kindly handed the other end of it to Mr. Carlin.

There is peculiar significance in the appearance of John S. Barbour on the stump. He is the Assistant Division Counsel of the Southern Railway Company, and as railroad attorneys, according to Mr. Gordon, always serve their masters, are we expected to believe that Mr. Barbour has been put on the stump by the railroad in order to punish Mr. Carlin for holding up the sub-station in Washington at Fourteenth street where the people do not desire it placed, and incidentally holding up the one million, five hundred thousand dollars appropriation until they build a station in accordwith the laws of Congress? The interest on this money is about eighty thousand dollars a year. Mr. Carlin's objection has kept the railroad from receiving it. We do not know just how much of the circuit this itinerant band of self-constituted advisers of the people will make with Mr. Gordon, but it does seem to us that the people of Fairfax county would not care to be advised by people that do not live within its borders as to how they should cast their votes. It may be that these gentlemen are misinformed as to the intelligence of the voters of Fairfax county.—[Warrenton Democrat.

Two Hundred Persons Perish By Explosion.

Tokio, April 30.—The accidental explosion of a projectile in her stock magazine sunk the Japanese training cruiser Matsushima with the probable loss of 200 lives early today.

The disaster occurred off the Pescadores Islands. Admiral Moshiamtsu, commanding the training squadron, reported the accident to the admiralty, but gave few details. He is not yet certain of the number of dead, but says only thirty of the crew were rescued at the time his dispatch was sent.

The cruisers Hashidate and Itsekushima, which accompanied the Matsushima, saved them.

Most of those rescued were cadets. The captain and most of the officers of the cruiser were lost. How the explosion occurred is not known. It was at 4:08 a. m., Admiral Moshiamtsu says. The vessel went down almost instantly. Only her bridge is visible above water.

A supplementary report from Admiral Moshiamtsu of the Japanese training squadron off the Pescadores Islands, says 141 men have been saved from those aboard the wrecked cruiser Matshushima.

The boats from the cruiser Hashidate and Itsukushima have been rowing about the scene of the disaster for five hours, and it is believed all of those yet unaccounted for are dead.

It is believed Captain Yashiro, Mamo and Yoshmoto, who were aboard the Matshushima at the time of the explosion, perished.

Among the missing and probably dead cadets are the sons of Field Marshal Prince Oyama and Vice Foreign Minister Baron Chinda.

The cruiser's complements of cadets was 300, and of these 58 were among the 141 survivors.

The Matsushima was built in 1890 and was the flagship at the battle of Yalu. She was a protected cruiser of the first class and carried one 12-inch rifle, twelve 4 7-inch rapid firers, five 6 pounders, eleven 3 pounders and six machine guns. She was equipped with four torpedo tubes.

The Matsushima carried, besides its 300 cadets, about fifty officers and seamen, a total of approximately 350 men.

The admiral having reported 141 rescues, it is inferred here that 209 perished. The surmise corresponds with the admiral's statement that about 200 are believed lost.

London, April 30.—Latest official advices from Tokio indicate 159 as the total number drowned and 141 as the number of saved following the explosion on the Japanese training cruiser Matsushima. The killed include nearly all the officers. The accident occurred off the Port of Makang, Pescadores Islands.

A dispatch from Tokio says that the accidental explosion of a projectile in Matsushima's stock magazine wrecked the craft, but how the explosion occurred is unexplained.

Searching for Negroes.

Woodbury, N. J., April 30.—Practically the entire fire department of this town, assisted by several posses of citizens, is searching the woods in this vicinity today for two negroes, who attacked three white girls in a lonely street early this morning. The whole town is greatly aroused, and there are threats of violence in case the negroes are caught. A dog belonging to the negroes was caught and it is believed the men can be traced in this manner. The three daughters of Joseph Smith, a resident of West Woodbury, were the negroes' victims. Only the prompt arrival of several men saved one of the girls from being carried away by the assailants. The girls were on their way home, when at a dark place on the street the negroes, accompanied by the dog, jumped out and tried to grab them. The girls, screaming, fled. One stumbled over the dog and fell headlong. She was pounced on by the negroes and was being carried away when several men, attracted by the screams, rushed to the spot. The negroes dropped their burden and fled to the woods. As quickly as an alarm could be sounded the firemen and citizens set out in pursuit.

Sailing of the Fleet.

Santa Barbara, April 30.—Getting away promptly on schedule time the American battleship fleet sailed this morning for Monterey, where the fleet will arrive tomorrow morning. All day yesterday and through the night patrol officers were kept busy rounding up men of the fleet who had overstepped their shore leaves. Some of them are out of reach, but it is expected they will rejoin their ships at Monterey.

As soon as the report of the wrecking of a restaurant by sailors reached commanding officers of the fleet an official investigation followed. The result was not made public before the fleet sailed. The men angered at the exorbitant prices for drink and eatables being charged by storekeepers since the fleet has been off this port, took matters in their own hands shortly before midnight. They first, with bared heads, removed the flag and bunting from the building. Then they began to smash all the windows of the eating house, but did not confine their work to wrecking the interior.

Prince de Sagan and Mme. Gould.

Naples, April 30.—Prince Helie de Sagan and Mme. Anna Gould went to Rome today. They had heard nothing definite when they left from persons through whom the prince sought an interview for himself and Mme. Gould with the pope. Indirectly, however, intimations have reached them that Helie may as well abandon his attempt to induce the Vatican to annul Mm. Gould's marriage to her divorced husband, Count Boni de Castellane. It is considered doubtful if Pius will even see them. The prince is determined not to give up, however, until he has exhausted every resource, and he will redouble his efforts, on reaching the Italian capital, for an audience with the pontiff. He is exceedingly anxious to be married to Mme. Gould by a religious as well as a civil ceremony and, unless the annulment can be secured—the papal approval of a divorce being out of the question—only the latter will be possible.

Trouble in Cochin China.

Saigon, French Cochin, China, April 30.—Fortified in the foreign quarter, the small European population of the Siamese town of Battambang is reported desperately resisting an attack by natives bent on sacking the quarter and the murder of its inhabitants.

The town is in the French sphere of influence but the number of troops there is barely sufficient for police purposes under the most favorable conditions. It is presumed they have already fallen or are penned up with the civilians aiding the latter in their defense. It is not clear how the revolt started. The town is the center, however, of a rich mineral district in the development of which most of the European residents are engaged. Aid has been sent to the little garrison's relief from Bangkok and Chantabon, but the country outside the larger towns is also in a disturbed condition and, if fighting occurs on the road, there may be much delay in reaching the scene of trouble.

Pontifical Requiem Mass.

New York, April 30.—A pontifical requiem mass was celebrated in St. Patrick's Cathedral today for the deceased prelates and priests of the diocese, with Bishop O'Conner, of Newark, as celebrant and the Right Rev. Thomas F. Cussack, auxiliary bishop of New York, as preacher. Mgr. John J. Swift was assistant priest, Rev. Wm. J. Sinnott, deacon, and Rev. William B. Martin, S. J., sub-deacon.

Cardinal Logue was in the sanctuary of Holy Cross Church today when Bishop Browne, of Cloyne, celebrated the annual mass of the Maynooth Union of America. The cardinal and the Rev. Dr. McCreedy, rector of Holy Cross, are both graduates of Maynooth and were guests of the Maynooth College Union at luncheon at the Hotel Astor.

Bomb in a Drug Store.

Paterson, N. J., April 30.—The police today are conducting a searching investigation with a view of finding the authors of the threatening letters to Joseph Alterie, a druggist of Clifton, which culminated last night in the throwing of a bomb, wrecking his store and injuring ten persons. Letters, threatening the lives of himself and family have been received by Alterie. He paid no attention to them, and last night while his store was crowded a bomb was thrown by some unknown person. The explosion, besides wrecking the place, started a fire among the boxes of chemicals in the rear. Explosion after explosion followed, but all the customers in the store escaped, although the tenants in the three-story house in which the druggist has his store, were all slightly injured. The outrage is laid at the doors of the Black Hand.

Confederate Veterans.

Birmingham, Ala., April 30. Special. The business meetings of the United Confederate Veterans to be held during the reunion in Birmingham, June 9, 10, and 11, will take place in the Hippodrome, a large and commodious building, situated almost in the heart of Birmingham. This auditorium accommodates over 3,000 people and is remarkable for the excellent acoustics. An ordinary tone of voice carries to every corner of the building. This will add very much to the pleasure of those attending. Especially will it make more enjoyable the splendid musical programme which has been prepared for the convention proceedings. A chorus has been in training for some weeks and by the time of the reunion will be brought to a high state of perfection.

Error Nearly Cost Bride.

Atlantic City, April 30.—Because of a mistake in the name of the man arrested in the police gambling raid of last night, Harry Clapkin, a prosperous young business and club man of this city, nearly lost his prospective young bride and was compelled to face a storm from parents and other relatives in Philadelphia. The name of the man taken in the raid was Harry Kaplan, but the mistake sent Clapkin's pretty young Philadelphia fiancee scurrying for the shore in belief that he was in jail. Clapkin is a member of the Atlantic City Troop, one of the best-known young men of the resort and supposed at first that a joke had been played on him by facetious friends.

Receiver Appointed.

Indianapolis, Ind., April 30.—George C. Hitt, formerly business manager of the Indianapolis Journal, was today appointed receiver for the Indianapolis Star, Muncie Star and Terra Haute Star, known as the Star League of newspapers. The total bond issue was a half million preferred stocks and $700,000 common stock. The total liabilities run over $2,000,000. Vice President Fairbanks is one of the bond holders.

New York Stock Market.

New York, April 30.—The market in the early trading reflected confidence on the part of bear operators who were aggressive sellers in late trading yesterday and offered stocks freely at the opening. London houses sold about 15,000 shares.

The supply from both sources caused a heavy tone in the early part of the first hour and prices for nearly all the active issues in that period sustained declines ranging from fractions to about 1 point. Commission houses reported many buying orders, but at price limits below the market.

At the end of the hour the rest of the list was at a slightly lower level than at the close yesterday.

Approaching Wedding.

Vienna, April 30.—Though preparations are completed for one of the most magnificent celebrations in Russian history when Gustave of Sweden's second son, Prince William, weds the czar's cousin, Grand Duchess Marie Pavlovna, at the Sarkoe-Selo Sunday, the bride, the bridegroom and the guests might as well wear crepe for all the joy they are showing.

In the first place, the Russian court is in such fear of a terrorist attempt against the assembled notables that nearly every detail of the ceremony is kept the deepest secret. Practically all that is definitely known is that the wedding will begin at 3 o'clock Sunday afternoon, there will be Greek rites first in the bride's honor, and that they will then be married according to the ceremonial of the Lutheran Church, of which the bridegroom is a member. The fetes and imitation rejoicing will continue for a week, but just what is on the programme no one but those closest to the czar knows. Even the wedding will be decidedly a military affair, for troops will literally encircle the imperial residence and secret service agents will swarm everywhere.

To make matters worse Prince William's heart is well known to be with his real sweetheart, the beautiful Swedish soubrette, Rosa Gruneberg. The marriage to the grand duchess is almost admittedly a mere affair of state. William never concealed his affection for Rosa, lived in a beautiful country house with her on one of the Swedish islands, toured Europe with her incognito and finally left her heart broken. Rosa is still acting in Stockholm.

Sixtieth Congress.

Washington, April 30.

SENATE.

When the Senate today took up the agricultural appropriation bill it looked for a moment as though the threatened democratic filibuster was to be inaugurated.

The clerk began reading the bill for the approval of the committee amendments when Mr. Teller arose and demanded that the bill should be read through. He protested that appropriations were not promptly considered when the clerk in reading jumped from one section to the other. He was satisfied, however, when it was declared to be the intention to read the entire bill, word for word, so that the committee amendments could be accepted or rejected as they were reached.

HOUSE.

The most bitter railroad fight in the House since the passage of the Hepburn rate law occurred today when the item in the sundry civil appropriation bill, appropriating $50,000 for special agents or examiners to inspect the accounting systems of railroads, in accordance with the plan of the interstate commerce drawn under the Hepburn law, was taken up.

Mr. Townsend introduced an amendment to increase the item to $350,000. He claimed this was needed to enforce the most important action of the Hepburn act, of which democrats and republicans were so proud two years ago. He claimed that the careful auditing of the railroad accounts was necessary if the Hepburn law was to mean anything.

Mr. Underwood declared the failure to appropriate a million, if needed, to enforce the "publicity" section of the law, would be false to the country.

The church opening at Ilda Southern Methodist Church in Fairfax county was a signal success. Rev. Dr. James A. A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I brought a bottle of Chamberlain's Pain Balm. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. THE ROAD TO THE CEMETERIES.

An item in this column last Monday called attention to the fact that the road running south from that leading to the National Cemetery has been materially improved, a great benefit to all persons owning lots in the other cemeteries adjoining this city or who may desire to visit the same. A mistake, however, was made when it was announced that Mr E L Daingerfield had made this improvement at his own expense, although this was assumed by the person who furnished the information to a representative of the Gazette. While Mr. Daingerfield is one of the most interested gentlemen in the movement and has devoted his time and material aid toward bringing about this great desideratum, he realizes the fact that others have vied with him by their subscriptions and other material aid, with whom the credit should be equally shared. Among this class is Mr. R. Wheatley, who has been untiring in his exertions toward bringing about the improvement while nearly all the lot owners have aided in furthering the same.

CHARGED WITH EXCESSIVE SPEED.

Officers Garvey and Beach yesterday cited two young men to appear before the Police Court this morning to answer the charge of running an automobile throught the streets of the city at an unlawful speed. When the case was called a resident of north Washington street testified that the automobile passed his house at an approximate speed of 45 miles an hour. Another witness (a railroad engineer) said the machine when at the intersection of King and Fayette streets was running at the rate of 15 miles an hour. At this point it struck a dog. It was also observed by the last witness that an electric railway train had come to a stop at Fayette street, and had any passengers stepped from the cars they would doubtless have been struck by the automobile. The accused in their defense said the indicator on the machine showed it was only making 6 miles an hour at King and Fayette streets although 8 miles is allowed. They did not, however, deny having exceeded this rate on north Washington street. The defendants were dismissed with an admonition.

WEDDING IN FAIRFAX.

A very pleasant home wedding took place last night at "Rose Hill," Fairfax county, the residence of Mr. J. H. Lynn when his sister, Miss Mary F. Lynn, became the bride of Mr. Luther G. Reed, who is generally known as Mr. "Dolly" Reed, and has many friends in this city. The wedding was a quiet one, the relatives of the contracting parties with one or two intimate friends being the only persons present. The ceremony was performed by the Rev. S. A. Wallis, of the Theological Seminary near this city. Shortly after the wedding the company sat down to a delightful supper when the bride and groom received the congratulations of their friends before leaving for their home, the residence of Mr. Reed and his sister, Miss Annie Reed, adjoining "Rose Hill."

MUSICAL AND LITERARY ENTERTAINMENT.

The musical and literary entertainment given last night at Odd Fellows' Hall, under the auspices of Samarian Rebekah Lodge, No. 27, Independent Order of Odd Fellows, was a very successful affair. The participants included many from this city and Washington and all acquitted themselves well. The selection by the Crescent Quartette deserves especial mention. The quartette is composed of Prof. H. T. D'Albert, and Messrs. G. M. Jameson, James B. Trotter and J. A. Parks, the two last named of Washington. All those who took part were greatly applauded.

NEGRO FOUND IN A CAR.

Special Officer Pankey, of the Southern Railway, last night discovered George Coleman, colored, in a car in the railroad yard in this city. The darkey, there was every reason to suppose, had entered the car for the purpose of committing larceny. He was conducted to the station house where he gave his name as George Coleman. The prisoners was brought before the Police Court this morning, but owing to the absence of certain witnesses the examination of the case was postponed until tomorrow morning.

THE CLOSING OF THE SEASON.

Conditions at Fishtown this morning were dormant. There had been no arrivals of fish and the wharf was practically deserted. One jag of herring (about 2,000) was brought up yesterday. The United States, Fish Commission is now busy at Bryan's Point, a short distance below this city, in the taking of shad spawn and the hatching of the young by artificial means. There is a scarcity of shad in the river, and the number of eggs taken this year will be far below the normal.

TEACHERS' EXAMINATIONS.

The spring examinations for teachers, both white and colored, for the year 1908, began at Peabody building this morning. Those who presented themselves for the examination were Miss Anna G Beattie, of Fairfax, white, and James W. Rich, Fred H. Rich and Elizabeth Quander, of this city; Henry Cool and Addie Solomon, of the District of Columbia, and Queen Victoria Jackson, of Virginia, colored.

WEDDING.

As was stated in the Gazette, Miss Annie Cragg and Mr. William Potter were quietly married yesterday afternoon at the residence of the bride, 413 south Washington street. Rev. Charles D. IN MEMORIAM.

In memory of Mrs. MARY F. RICE, who departed this life April 20, 1905.

The midnight stars are shining upon the lonely grave
Of her whom I loved so well—the one I could not save.
My grief for her is bringing the wrinkles on my brow,
Kind friends blame me not for grieving, for I have no mother now.

Yes, I Have Found it at Last.

Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—Elder John T. Keep the Kitchen Cool

Why swelter over a glowing range in a stuffy kitchen, when a new Perfection Wick Blue Flame Oil Cook-Stove will do the family cooking without raising the temperature enough to be noticeable?

By putting a "New Perfection" in and allowing the range fire to go out, you may make this summer's kitchen work not only bearable, but actually a pleasure. The

NEW PERFECTION
Wick Blue Flame Oil Cook-Stove

produces an intense heat *under the kettle or in the oven*, but does not radiate heat in all directions as a coal range does—hence is used with comfort on the hottest summer day. Made in three sizes, and warranted. If not with your dealer, write our nearest agency.

The **Rayo Lamp** comes as near lamp perfection as it's possible to get. Gives a clear, bright light that reaches the farthest corner of a good sized living-room. Shower of Kisses

Atlantic City, April 30.—A hundred pretty young waitresses of one of the big beach-front hotels, who crowded the Police Court Monday to witness the hearing of Miss Dora Stack, one of their number, accused of petty larceny, made a wild scene when the girl was freed for lack of evidence. The girls made a rush for the prisoner and pulled her from the dock; rushed Magistrate Jagmetty and Lawyer C. C. Babcock, defender of the girl, on whom they planted kisses and hugs until pried away by the police, Chief Woodruff, who was a spectator, ran from the room to escape the caresses which he saw coming his way. The charge against Miss Stack was made by Julia Colbin, another waitress, who said she had stolen $3 and a watch from her. The case fell flat from lack of witnesses. So great was the anger against the girl accuser that officers were forced to guard her. As a final act the maids "chipped in" and purchased a box of fine cigars for Babcock, who ran when he saw them coming.

Gentle and Effective

A well-known Manitoba editor writes: "As an inside worker I find Chamberlain's Stomach and Liver Tablets invaluable for the touches of biliousness natural to sedentary life, their action being gentle and effective, clearing the digestive tract and the head." Price, 25 cents. Samples free. W. F. Creighton and Richard Gibson.

Jewelers Robbed.

New York, April 30.—Nathan Melkin, a manufacturing jeweler, reported to the police today that he had been held up, gagged and bound while bandits looted his safe before his eyes. He said they took jewelry worth $1,000, much of which belonged to the customers who had left it there to be repaired, and $50 in cash.

Get DeWitt's Carbolized Witch Hazel Salve. It is especially good for piles. Sold by W. F. Creighton & Co.

Shake off the grip of your old enemy, Nasal Catarrh, by using Ely's Cream Balm. Then will the swelling and soreness be driven out of the tender, inflamed membranes. The fits of sneezing will cease and the discharge, as offensive to others as to yourself, will be stopped when the causes that produce it are removed. Cleanliness, comfort and renewed health by the use of Cream Balm. Sold by all druggists for 50c, or mailed by Ely Bros., 56 Warren street, New York.
